Notes from the field... "Thank You"

2011 RAP Award—

"Thank you very much for sponsoring the RAP Award. I feel this is a wonderful program. I really wanted to become a welder and through the RAP program I got the chance. I worked and went to school at the same time. It gave me a chance to see if I liked welding or not. I love it and got a full time job with the company I started with. My goal is to be an underwater welder someday... Hopefully someday I can help someone else get a head start and 'Pay It Forward' like you did. Thank you again." - **Brandon Bunch**

2011 Spirit Award (Grade 9) -
